You can play our online 2 Player Games on your PC, mobile phone, or tablet without downloading anything. Access our web games from your browser for free. Our games can be played without Flash. Most of our 2 Player Games can be played together on one computer. Some of the games you can also play together on different computers, see our .io Games or Multiplayer Games.

How to Play 2 Player Games?

Most of our 2 Player Games require just one computer with one keyboard. The keys are mentioned in the walkthrough, game menu, or description. For example, one player uses the arrow keys while the other uses the WASD keys. So, share the screen and keyboard together and enjoy playing.

Most of our 2 Player Games can also be played on mobile phones and tablets. Here the screen will be divided into multiple parts, and each player controls from their own part.

The "Status Savannah" error

usually occurs when there is a version mismatch between you and the rest

of the players in the game. This can be solved by updating the shooter to the latest version by checking for downloads and patching the updated files.
