The character's looks and name are based on Gonzalo Pizarro, a 16th-century Spanish conquistador and the brother of the more famous Francisco, conqueror of the Inca Empire.

The game uses 3D graphics and a pastel palette. In the gameplay itself, there are eight different symbols in the reels: Fire, Alligator, Fish, Bird, Moon, Snake, Heart, and a wildcard, the Question Mark. The game has a feature known as "avalanche". Instead of spinning reels, the symbols in Gonzo's Quest fall into the reels.

When a winning line is formed, its symbols explode and are replaced by new ones in another avalanche, allowing for the possibility of multiple payouts within a single spin. There are 20 different pay lines offered. The Free Fall feature awards bonus rounds when three or more bonus icons appear. Five such icons result in the top payout. Another version of the game, Gonzo's Quest Megaways, has an increased payout to be between 64 and 117,649.
