Generally, Telegram bots are safe to use. However, it is essential to be cautious while interacting with bots, especially if they request personal information or access to your account. Stick to reputable bots with positive reviews, and avoid sharing sensitive information with unknown or untrusted bots.

Not all Telegram chats are equally secure. Regular chats are not end-to-end encrypted. Only secret ones are.

No other messenger does this: even the notorious WhatsApp, part of Mark Zuckerberg's data-hungry empire, uses end-to-end encryption by default.
