The AK117 has been in COD Mobile since its launch and remains

a top-tier AR choice. It has a high rate of

fire and excellent damage over range. The AK117 can take out enemies in just 3-4

shots. It does have some recoil, but the proper attachments can control this.

It is effective in close to mid-range combat and can be used in

longer-range as well, only if we equip the range attachments.

To rank this weapon, it has good damage and accuracy, with great weapon mobility. It

is worth mentioning, the recoil pattern of AK117 is unique.
