symbol of good luck. Others say that it leaves as magicalaura This gives in positive

energy and strength; Shooting Star Meaning

shooting star #129516; good luck? - Quora

Why is it?

For aircraft speeds which are much greater than the speed of sound, the aircraft is said to be hypersonic. Typical speeds for hypersonic aircraft are greater than 3000 mph and Mach number M greater than five,  $M \geq 5$ . We are going to define a high hypersonic regime at  $M \geq 10$  to account for re-entry aerodynamics.

Hypersonic Cruise Aircraft

Supersonic means faster than the speed of sound, while hypersonic means specifically five times faster than the speed of sound.

Therefore, all hypersonic speeds are also supersonic, but something supersonic is not necessarily hypersonic.
