Make sure your firewall is not blocking the "TerrariaServer.exe" or the server's port (Tj T* BT

(especially important if it's not the default "7777"). If you are using a router you have to make sure it opens the server's port for you.

Setting up a Terraria server

Setting up a Terraria server

If you want to play Terraria online with other users, you have two options. You can use the Host & Play feature in the Terraria client to host your own online game on your device.

Other players can then join the world either with or without a password.
