If there is an option to give negative stars, I would give it.

They withheld all my winnings from my account and only provided the deposit I made. This is due to the multiple accounts rule that they are saying but will only tell you if you win from their site and not upon registration or when you lose all your money.

Their customer service is useless especially the security team. They will ask you all these stupid requirements and later on inform you of a different violation just in case you cannot provide the requirements. I also had issues with withdrawal which took a few days before they were able to resolve. If I did not catch it from the transaction history, I would have not noticed it. You need to do your own investigation as their Customer Service doesn't really think but just sends replies that would be easy and beneficial for them.

I would suggest refraining from using their website as I am sure that they will find a way to block you from their site if you win!

Debit card withdrawals are usually completed within minutes, but in some specific cases it may take up to 2 days. Cards compatible with instant withdrawals will have a lightning icon next to them for easy identification.

The time it takes for a bank transfer to be successful depends on a number of factors, and some of these factors could cause a delay. These factors include the timing of the transfer, where the transfer is being made, the currencies involved, security checks, bank holidays, and the reasons for the transaction.
