Renegade Racing

We know that our visitors enjoy car racing games, especially if they also belong to the Friv 2024 Games category, just like it is the case with Renegade Racing, a game we really want you all to try out, since we are positive that you are going to be having lots and lots of fun with it from beginning to end, since that was our experience with this game, and because of that we made sure to share it with you all here immediately. Let us now explain what you are going to be doing in the game, after which you should have no stress at all about playing it. Use the arrow keys to control your car. In each race, do your best to be the first one to reach the finish line, and thus win it. Of course, along the way you are going to be able to do all sorts of stunts, which we recommend, if you want more points, but at the same time, be careful of how you drive, since we are positive that you do not want to crash, and lose the race and the game, right? As you earn more money from winning race, you also get to upgrade your car, which we recommend that you do. Good luck, and when you are done, make sure to see what other new games we have added here so far!
