When a young nurse downloads an app that claims to predict when a person is going to die, it tells her she has only three days to live.

With time ticking away and death closing in, she must find a way to save her life before time runs out.

When a young nurse downloads an app that claims to predict when a person is going to die, it tells her she has only three days to live.

When a young nurse downloads an app that claims to predict when a person is going to die, it tells her she has only three days to live.
